

Notice of 27 July 2023

IVASS PUBLISHES THE LIST OF INSURANCE INTERMEDIARIES' WEBSITES

As a tool to combat fake sites, IVASS publishes [the list of websites](#) communicated by Italian intermediaries duly registered with the RUI and by foreign intermediaries registered in the List attached to the RUI and used to promote or place insurance products¹.

The list currently includes communications received by June 5, 2023, the deadline established in IVASS Order 128/2023. Internet addresses communicated after the date of June 5 will be included in the first monthly update of the list.

The list does not contain:

- a) the websites that were found to be not accessible, under construction, blocked, under maintenance;
- b) the websites allowing only access to "a protected environment" via credentials/logins and therefore not accessible to the public;
- c) the websites of Insurance Companies as they do not specifically refer to the intermediary;
- d) the websites offering goods or services other than insurance, if they do not contain a specific section for the promotion and/or placement of insurance products;
- e) social profiles and personal web pages not used for insurance mediation activities.

The publication of websites as a list is done on a transitional basis, pending their publication - in relation to each intermediary - in the new RUI portal, which is currently in the implementation stage.

The list will also be published in the processable open data format along with the other RUI data already available in that format (<https://www.ivass.it/operatori/intermediari/rui/index.html>); the intermediary to which the individual website in the list refers will also appear in this version.

¹ [IVASS Order No. 128](#) of 20 February 2023, containing amendments and integrations to IVASS Regulation No. 40 of 2 August 2018; [IVASS Regulation No. 40/18](#), articles 5 and 7; [Notice for intermediaries of 9 June 2023](#) Communication of Internet domains and subdomains published in IVASS' website.
